Re: Project: _____ (please be specific)
ENGINEER'S CERTIFICATION

To Whom It May Concern:

With regard to the dedication of the water distribution and/or waste water systems referenced above, please be advised of the following:

1. We have reviewed the material quantities as listed in the contractors (_____) certification of costs and quantities dated _____ and certify that such quantities are correct, a copy is attached hereto as Exhibit "A";
2. A representative of this engineering firm under my direction did witness successful hydrostatic pressure test(s) of both the water and wastewater systems and low pressure air testing for the gravity wastewater system, as applicable. Copies, initialed by BSU Inspector, being attached hereto as Exhibit "B";
3. All improvements being dedicated to Bonita Springs Utilities, Inc., in the above-referenced project are located entirely within:
 - (1) dedicated County right-of-ways;
 - (2) easements being granted to Bonita Springs Utilities, Inc.;
 - (3) Pre-existing easement(s) (copies of grants of easement are being submitted herewith);
 - (4) utility easements on the recorded plat (a copy of the recorded plat is being submitted herewith). [check all applicable sections]
4. If applicable, the easement(s) dedicated or granted to BSU herewith conform exactly with the easement(s) approved by BSU on the Owner's/Seller's plans during the BSU plan review. Furthermore, the easement(s) extend to the respective adjacent property lines with no gaps or "spite strips" which could impair connection of adjacent utility facilities.
5. The strap numbers required for recording in Lee County of the Grant of Utility Easement are as follows: #_____.

Engineer of Record (P.E. Seal)
