This meter will be used for construction purposes only. Please allow a minimum of 48 hours for this application to be processed and the meter to be delivered to the project (no weekends). Water shall not enter incomplete wastewater facilities or any portion at any time of BSU's sanitary collection system. The construction meter and backflow preventor will be furnished by a BSU inspector and shall be installed by the project's licensed underground contractor. Meter shall not be relocated without BSU permission. Violation of the above terms and conditions will result in confiscation of the meter.

NOTE: Permanent meters will not be installed until the construction meter is returned and the project has been turned over to the owners.

Signature _____ Print Name _____
